

Table of contents

Preface	IX
by <i>Amelia Compagni</i>	
1 The Italian Healthcare System: Institutional Features and Recent Trends	1
by <i>Giulia Broccolo, Francesco Longo, Agnese Palvarini, Giordana Puritani and Alberto Ricci</i>	
1.1 Country profile	1
1.2 Healthcare system profile	1
1.3 Key trends and open questions regarding the Italian Healthcare System	4
1.3.1 Demographic pressure, fiscal constraints and financial tensions	4
1.3.2 Universal coverage, but quite selective and uneven access to outpatient services. The need for a radical change in service logics	4
1.3.3 Long-Term Care: A growing crisis	5
1.3.4 Healthcare professionals between ageing and skill mix imbalances	5
1.3.5 Pharmaceutical Policy and the Governance of Innovation	6
1.3.6 Healthcare procurement: From cost containment to value-based purchasing	6
1.4 References	7
2 Italian Healthcare: Comforting Narratives, Governable Criticalities, and a Dual Managerial Agenda	9
by <i>Francesco Longo and Alberto Ricci</i>	
2.1 Purpose, interpretive framing and public finance context	9
2.2 Demographic and socio-economic background. Structural	

	tension between needs, resources and expectations driving unwarranted variability and inequalities	10
2.3	Three mainstream, comforting, but insufficient narratives that won't save the INHS. The priority is to define priorities to deliver equitable response	11
2.4	Emerging but governable criticalities	12
2.5	Three governance tensors: The search for the equilibrium between policy drivers	14
2.6	What about the top management role? A dual agenda	14
2.7	References	16
3	The Italian NHS: Structure and Activities	19
	<i>by Giulia Broccolo, Attilio Gugiatti, Simone Manfredi, Natalia Oprea and Agnese Palvarini</i>	
3.1	Institutional framework	19
3.2	Workforce and Skill-Mix	21
3.3	Activities	23
3.4	Conclusions	26
3.5	References	26
4	Variability in Outpatient Consumption and Prescriptions within the NHS: An Inter- and Intra-Regional Comparison	27
	<i>by Giulia Broccolo, Alessandro Furnari, Francesco Longo, Giordana Puritani and Alberto Ricci</i>	
4.1	Introduction	27
4.2	Objectives and methods	28
4.3	Results	30
	4.3.1 National analysis	30
	4.3.2 Lombardy case study	32
4.4	Discussion	33
4.5	Conclusion	34
4.6	References and sources	35
5	Long-Term Care for Older Adults in Italy: Challenges and Ongoing Discussions	37
	<i>by Giovanni Fosti, Francesco Longo, Simone Manfredi, Eugenia Miraglia, Elisabetta Notarnicola, Eleonora Perobelli and Andrea Rotolo</i>	
5.1	Introduction	37
5.2	LTC needs	38
5.3	Service capacity and LTC users	39
5.4	Coverage rates and regional variability	40
5.5	Public expenditure on long-term care	41

5.6	Conclusions	42
5.7	References and sources	43
6	Healthcare Spending and Service Costs: Composition and Evolution From a National, Regional, and Local Perspective	45
	<i>by Alessandro Furnari, Irene Mastrantonio, Elisabetta Notarnicola, Giordana Puritani, Alberto Ricci and Silvia Rota</i>	
6.1	Healthcare expenditure: An international comparison	45
6.2	The scope of resources and the macro-financial balance of the National Health Service	47
6.3	Regional financial tensions between resource constraints, productivity, and cost structure	50
6.4	Implications for performance measurement and healthcare system governance	52
6.5	References	54
7	Private Accredited Providers in the Italian National Health Service: Structure, Contribution, and Industry Dynamics	55
	<i>by Laura Giudice, Luigi Preti and Alberto Ricci</i>	
7.1	Definitions, institutional arrangements, and key figures	55
7.2	Contribution to healthcare service delivery	56
7.3	Market structure and industry perspectives	58
7.4	Conclusions	59
7.5	References and sources	60
8	Privately Financed Healthcare	61
	<i>by Marianna Cavazza, Mario Del Vecchio, Lorenzo Fenech, Luigi Preti, Valeria Rappini</i>	
8.1	Introduction and conceptual framework	61
8.2	Definitions, scope and structural drivers	62
8.3	Size, composition, and trends of privately financed healthcare	63
8.4	System-level implications	67
8.5	References	68
9	Pharmaceutical Policy and the Governance of Innovation: The Italian Model in Comparative Perspective	69
	<i>by Patrizio Armeni, Ludovico Cavallaro, Francesco Costa and Monica Otto</i>	
9.1	International pharmaceutical spending: Facts and figures	69
9.2	Pharmaceutical financing in Italy	71
9.3	Assessment of innovative medicines in France, Germany, Spain, and the United Kingdom	73

9.4	Attribution of innovative status for medicines in Italy	75
9.5	Conclusions	77
9.6	References	79
10	Value-Based Procurement: Learnings From the Italian First Movers	81
	<i>by Veronica Vecchi, Ludovica Mager, Niccolò Cusumano and Giuditta Callea</i>	
10.1	The Italian Healthcare Procurement System at a glance	81
10.2	Value-based procurement: Origins, applications and the Italian experience	82
10.3	From payment to collaboration-driven value: The value-based procurement process	85
10.4	Conclusions	87
10.5	References	88
11	Health Outcomes and Performance of the Italian NHS	91
	<i>by Vittoria Ardito, Oriana Ciani, Carlo Federici, Agnese Palvarini, Laura Giudice and Rosanna Tarricone</i>	
11.1	The health status of the population: An international perspective	91
11.2	The health status of the population and its determinants: The national context	93
11.3	The Italian NHS performance	96
11.4	Conclusion	98
11.5	References	98
	Afterword	101
	<i>by Elio Borgonovi</i>
